13 Messrs Papiash Chetty and Brothers
offer to undertake the work of Clearance @
1% on the invoice value of the goods in
addition to the landing charges, Customs duty -
Harbor dues & other sundry expenses -
regarding which they promise to be very
moderate.

14 In my opinion, the rate must include
all such items of expenditure as landing
charges, transport and sundry expenses.
And exclude the Customs duty & harbor dues
which will be reimbursed to the Agents on
the production of the Vouchers for the
payments made by them. Again, the rate
should be a certain rate determined on
the weight or volume of the goods and
not on the invoice value of the goods.

15 I venture to suggest that for this
work tenders may be invited from
various firms furnishing them with
an information as to the probable
amount of the work that has to
be done in a year. By this
means we will be able to get
really competitive and advantageous
terms.

16 The following are the charges that will have to be incurred in connection with the clearing of cargoes received from foreign countries at the ports of Madras and Bombay:--

- (1) Landing Charges
- (2) Harbour dues
- (3) Customs duty
- (4) Charges for the transport of the articles from the Customs House.

Scheduled rates have been fixed for the first three items by the Port Trust. Item 4 forms the other clearance charges. These charges in the Medical Department come to about 10 per cent of the value of goods purchased (for the 3 years 1916-17, 1917-18 & 1918-19)

17 Messrs. Pappiah Chetty & Brothers want 1 per cent commission on the invoice value of the goods. draft letter to Messrs. Pappiah Chetty calling for information is submitted.

The charges incurred by the Medical Dept have amounted to 10 p.c under this head during the past three years? Why were the Medical Dept ^{of the PWD only} singled out for the purpose? There are other departments which deal with imported goods why were not these also consulted? 26

Dear Mr. Rama Iyer,

Payment for Europe supplies is generally made on receipt of bills, which will be generally, long after actual receipt of the goods. Thus goods received in one year will actually be paid in the subsequent year. But clearance charges are generally paid before actual removal of the goods from the Customs House, Madras. Thus, for goods ~~received~~ paid for in one year, the clearance charges will have been paid in the previous year. This will explain to you the apparently disproportionate variation in the clearance charges incurred in one year as compared with the value of the imported goods. The supply during 1918-19, was made by B.K. Paul and very little was purchased direct from England. Hence I have taken the figures for 16-17, 17-18, and the approximate figures for 19-20, as no more purchases are likely to be made than what have been already ordered or expected.

1916-17	Value of goods	40,591-9	Clearance	6,234-15-0
1917-18		64,818-3		2,032-11-0

	Total	<u>205,409-12</u>		<u>320,267-10-0</u>

showing about 10 % of value of goods being paid as clearance charges.

Yrs Sincerely,

SIR,

Clearing Agency at Madras and Bombay.

With reference to your letter No. G.19163-7/P.P.11-19-219 of the 19th instant, I have the honor to state that clearing charges on foreign consignments usually consist of the following items:

1. Home charges, if not prepaid by the shippers, such as transport by road, ocean freight Agents' commission, &c.
2. Import duty payable to the customs authorities.
3. Wharfage if any.
4. Godown rent if any.
5. Clearing Agents' charges including their actual expenses and commission.
6. Cart hire and Rail charges to destination if prepaid by the clearing Agents.
7. Other items, if any.

With regard to rates, these are not verifiable except in the case of import duty, ocean freight and rail charges and the rates of these items depend upon the class of goods imported. Under these circumstances the only check exercised in this office on claims made by the clearing agents is restricted to an arithmetical checking. In the absence of definite data for checking

20

the claims it has not been thought hitherto necessary to maintain detailed accounts of the several items constituting clearing charges.

As the charges vary on the class of goods imported it is obviously not possible to state with even an approximate precision the relative proportions of these charges to the invoice value of the goods. Nor do I think that any firm would accept the proposed appointment on a constant rate of charges irrespective of the classification of goods.

I may say that this Department has utilized the services of Gordon Woodroffe & Co. Madras very largely in the past and have found them very satisfactory.

I have the honour to be,

SIR

With reference to your No.G. 49165-7/dated the 13th February 1920, I have the honour to state that we have not received any large consignments of machinery or other articles from Great Britain and other foreign countries during the last 3 years. We used to get some small quantities of artificial musk by post. Recently we received some mill rolls for the factory and it cost us about Rs. 9,520/- and we paid a clearing charge of Rs. 179-13-9 on that.

I am of opinion that 5 per cent on the invoice charges may be fixed as clearing charge.

S i r,

With reference to your letter No. G.19163-7/P.P.11-19-219 dated the 19th February 1920 and subsequent reminder NO. G. 20942-4 dated the 10th inst., calling for information on certain points about the articles directly purchased by the institutions under the University from the foreign countries during the past 3 years and calling for opinion as to what percentage of the invoice value of the goods purchased may be reasonably allowed as clearing charges, I am directed to submit herewith two statements:- Statement I showing articles directly purchased from England during the past 3 years and statement II showing the nature and rates of clearing charges.

As regards the percentage of the Invoice value of the goods (purchased) that may be allowed as clearing charges, I am to state that the Principal, Maharaja's College, intimates that one rupee may be reasonably charged for clearing charges on an average for every £.5/- worth of books. Whereas the Principal, Central College is of opinion that 10% of the

of the invoice value (reckoned at Rs.15/- to £.1/-) of the goods purchased may be allowed as clearing charges.

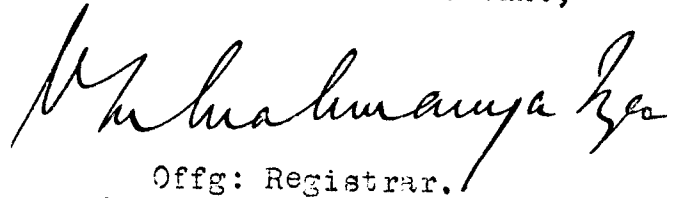

The Vice-Chancellor considers that 10 Per cent. of the invoice value of the goods purchased may be reasonably allowed as clearing charges.

Copies of letters from the Principals of the Central and Maharaja's Colleges are enclosed.

Sir,

With reference to your letter No. G. 23684/P.P.
11-19-372 dated 15th April 1920 requiring certain in-
formation regarding clearing and forwarding agency charges
I have the honor to state as follows:--

1. The charges that are incurred at the port of
destination are of two kinds (i) dues payable to Port
Trust authorities and (ii) charges of the clearing
agents.

The amounts payable to Port Trust authorities
are on account of Harbour dues, Surcharge dues, and
Cranage charges, and these amount to Rs 2-3-0 per ton
of rice imported. A sum at the rate of 2 annas per ton
per day is also charged by the Port Trust authorities
on account of storage of goods in cases where goods are
not removed within 8 days.

The clearing agents' charges include out of pocket
expences on account of landing, moving, stitching and
loading into waggons together with their own commission.
This work in connection with rice consignments was being
done for sometime by Messrs. Binny & Co and their total
charges were approximately Rs 4/- per ton. It is now in.

in the hands of Messrs. Wilson & Co and their charges come to about Rs 2-14-0 per ton.

2. The clearing charges have no relations/ to the value of goods imported as they only vary in proportion to the weights of consignments. In the case of whole rice consignments recently imported the clearing charges of Messrs. Binny & Co were 2.5% of the invoice value and of Messrs. Wilson & Co, 1.8 % of the invoice value.

Gentlemen,

With reference to your application for being appointed as Clearing Agents for the Mysore Government at Madras and Bombay, I am directed to state that Government do not wish to bind themselves at present to placing all such orders with you. They will, however, place some of their orders with you for clearing their goods at the said ports. I am to enquire whether you have arrangements ready for executing such orders and to request that your correct address at Bombay and at Madras may be intimated ~~to me~~ to enable me to instruct our suppliers to send the shipping documents ^{direct to} ~~to~~ such address and also to facilitate the issue of instructions from this office direct to the Bombay and Madras Branches.

Yours faithfully

Sir,

With reference to your letter No. G 8768-9 P.P.11-19-837 -- dated the 29th Ultimo ~~addressed to the Collector of Customs~~, I have the honour to state that Messrs V. Papiiah Chetty & Bros of Bombay do not hold a Clearing Agent's license under Section 202 of the -- Sea Customs Act and they cannot ^{therefore} be allowed to clear goods on ---- account of the Darbar. I enclose for your information a list of the licensed Clearing Agents any of whom may be employed for the purpose.

2. If however, the Agents you refer to hold a Power of Attorney from the Darbar granted on a five Rupee stamped paper this Department will have no objection to their clearing the goods belonging to the Darbar.

I have the honour to be,

Sir,

Your most obedient servant,

P. N. Chandavarkar
Assistant Collector of Customs.
